

Communicating and Working from Home

Most of us are unused to working, keeping in contact with friends, and generally functioning while stuck at home. Here's a few things to help you make it work. Some Links for online learning are at [this page](#).

Communication Apps

There's a ton of communication apps out there. Which to use for which situation? This list is focused on voice and video chat

- [Skype](#): Everyone has it, works well.
- [Jitsi Meet](#): Easy video chat in the browser. Create room, share link, done.
- [Zoom](#): For bigger meetings and lectures and the like.
 - [Tips for safer Zoom meetings](#), Frame Shift Consulting
- [Mumble](#): Self-hosted, intended for gaming, works well as a hang-out-spot.
- [Discord](#): Also intended for gaming. Web and app frontend, voice and text chat.
